

Senior Executive Development Programme in International Aviation Law and Management (Batch 3)

08-12 June 2026

On-site: Toulouse & Paris, France

About the Organizers

Dhirubhai Ambani University School of Law (DAU SoL)

True to the name of our founding father, Late Shri Dhirubhai Ambani, the School of Law aims to create and train a community of lawyers and non-lawyers guided by the ideals of industry-academia collaboration and entrepreneurial spirit in a globalized Indian economy.

We offer interdisciplinary and practical education with a wide array of courses, with insights and instruction provided by top-tier academicians from Ivy Leagues, Russell Group Universities, and the Top 100 Law Schools (as per QS Rankings) taught in intimate classroom environments (with the topmost nationwide teacher-to-student ratio). Boasting tie-ups with key industry experts, and Indian and global organizations, we impart the ideals of continuous learning and education for legal and non-legal professionals to better understand and leverage law and policy as strategic tools to better navigate the intricate legal landscape, mitigate risk, and boost economic growth.

We aim to develop legal capacity building by providing high-quality, industry-focused executive development programs and specialized educational courses in niche legal and regulatory areas to students and working professionals to contribute to the national goal of Viksit Bharat 2047.

Université Toulouse Capitole

Université Toulouse Capitole traces its roots to the Faculty of Canon Law founded in 1229 by King Saint Louis. Specializing in Law, Economics, and Management, the university prioritizes global collaborations and academic excellence. Ranked among the top 100 globally in Economics/Business (Shanghai Ranking), it offers a unique Aviation Law program. Located in Toulouse, the heart of France's aviation industry, the program provides unparalleled exposure to Airbus, Thales, Dassault, and leading aviation law experts.

Spaviatech Law

Spaviatech Law is a boutique law firm specializing in aerospace, aviation, and technology law. Founded by alumni of the University of Toulouse Capitole and Leiden University, it focuses on regulatory compliance, dispute resolution, and legal advisory services for the fast-growing Indian aviation sector.

A Unique Executive Program with a Global Outlook on Aviation

Dhirubhai Ambani University – School of Law, in collaboration with Université Toulouse 1, France, and Spaviatech Law, a boutique firm specialising in Space, Aviation, and Technology, is pleased to announce the third batch of the Senior Executive Development Program in International Aviation Law and Management.

The programme will take place from 8th to 12th June 2026. Certain sessions will be conducted in Toulouse, including a visit to the Airbus facility, followed by a day in Paris featuring visits to leading law firms and a networking evening at the Aéro-Club de France.

This distinguished program builds upon the strong foundation laid by its first two editions, the inaugural cohort hosted in Toulouse in June 2025, followed by the second cohort in New Delhi in November 2025 which also marked the signing of the MOU between the Dhirubhai Ambani University – School of Law and Université Toulouse 1 Capitole, France in the presence of Mr. Faiz Ahmed Kidwai, (IAS), Director General of Civil Aviation, Govt of India and the French Embassy representative Mr. Thibaut Spor, Counsellor for Aeronautics and Civil Aviation, Embassy of France in India, laying the foundation of academia industry collaboration in Aviation between India and France.

Some of the expert speakers from our previous batches include Prof. (Dr.) Laurent Grosclaude (Head of Aviation Law LL.M. at Université Toulouse 1 Capitole, France), Mr. Karl Hennessee (Senior Vice President, Litigation, Investigations & Regulatory Affairs at Airbus); Mr. Alexandre Faysse (General Counsel, Safran Electrical & Power); Mr. Laurent Joly (Professor and Director, Institute for Sustainable Aviation (ISA), ISAE-SUPAERO); Ms. Mélanie Etienne (Head of Investigations & Product Integrity at Airbus); Mr. Amber Dubey (Former Joint Secretary, Ministry of Civil Aviation, Government of India, and Senior Adviser at McKinsey & Company); Mr. Lalit Gupta (Former Joint Director General, DGCA India); Ms. Lubinisha Saha (Head of Legal and Compliance, Airbus South Asia, with international responsibility across Asia Pacific, Latin America, the Middle East, and Africa); and Mr. Malik Almajdalawi (Deputy Head of Quality and Compliance, Collins Aerospace Oxygen Systems, Lübeck, Germany).

Since its inception, this EDP program has equipped senior leaders from across the aviation sector with advanced knowledge and practical insights essential for navigating the complexities of today's global aviation ecosystem. Participants have included senior executives from FlyDubai, CAE, AirAsia, Air India, Akasa Air, as well as senior officers from the Directorate General of Civil Aviation, India. Their participation reflects the program relevance, industry alignment, and academic rigor.

The curriculum has been meticulously designed to address critical contemporary issues and emerging challenges faced by aviation professionals. It integrates legal, regulatory, operational, and strategic perspectives, offering a comprehensive understanding tailored for decision-makers in the aviation industry.

Who Should Apply?

30 Seats

CEOs, CXOs, and COOs
in the aviation sector

Heads of airline
operations and MRO

Directors and VPs in aircraft
leasing and financing

Chief Legal Officers,
compliance heads, and
regulatory advisors in aviation

Senior leaders in sales,
marketing, and corporate strategy
within the aviation sector

Legal practitioners

Key Highlights & Benefits

Trainers Comprising Global Aviation Leaders, Expert and Practitioners

Sessions led by senior executives, regulators, in-house counsels, and renowned academics with direct experience across airlines, OEMs, regulators, and advisory roles.

Immersive International Learning Experience

Onsite academic and industry engagement in Toulouse and Paris, two key European aviation and legal hubs.

Exclusive Industry Exposure & Visit to Airbus FAL, Toulouse

Guided visit to the Airbus facility in Toulouse, offering firsthand insight into aircraft manufacturing, innovation, and compliance-driven operations.

Exclusive Executive Access to a Session Hosted by Université Toulouse 1 Capitole, France

Be a part of the Trade Compliance and Export Control session hosted by UT Capitole, featuring senior leaders from Airbus, Safran, and other key institutions, followed by networking evening.

High-level Professional Networking

Curated networking evening, facilitating interaction with global aviation professionals and institutions.

Joint Certification

Receive a certificate issued jointly by Dhirubhai Ambani University – School of Law, Université Toulouse 1 Capitole and Spaviatech Law.

Distinguished Alumni

Access a prestigious network of accomplished aviation professionals

Core Programme Modules – Third Batch

The academic module for 2026 will cover a wide spectrum of contemporary themes, including:

The International Legal Framework of Aviation: Key Conventions and Institutions of Significance

This session examines the principal international conventions that form the foundation of civil aviation. It focuses on the legal principles governing sovereignty over airspace, international air navigation, liability, and aviation security. Participants will study the structure, scope, and practical application of these conventions, including their relevance to modern aviation operations.

The session also provides an overview of the major international and regional aviation organisations responsible for standard-setting, oversight, and coordination. Emphasis is placed on the institutional roles, regulatory authority, and decision-making processes that influence global aviation governance. The objective is to develop a clear understanding of how international conventions and organisations collectively shape the legal order of civil aviation.

Business Aviation

Non-scheduled operations and business aviation operate within a distinct regulatory and commercial environment. This module examines the legal and operational requirements applicable to charter operators, corporate aviation, and private aircraft operations.

Commercial and operational models used in business aviation are analysed alongside ownership structures and aircraft management arrangements. Attention is given to cross-border operational challenges, regulatory oversight, and evolving market practices affecting non-scheduled operators.

Ethics, Compliance, and Governance in Aviation

This session explores the role of ethics, regulatory compliance, and governance in maintaining safety and accountability within the aviation sector. It examines statutory obligations imposed on aviation stakeholders and the importance of internal compliance systems in meeting regulatory expectations.

The session addresses organisational responsibility, safety culture, and ethical decision-making in operational and corporate contexts. Through discussion of regulatory enforcement and incident response, participants gain insight into how governance structures influence operational conduct and institutional credibility within the aviation industry.

Core Programme Modules – Third Batch

The academic module for 2026 will cover a wide spectrum of contemporary themes, including:

Sustainability and Environmental Governance in Aviation: Strategic and Regulatory Perspectives

Environmental considerations increasingly influence aviation regulation and operational planning. This module examines the legal frameworks governing environmental protection in aviation, including emissions control, noise regulation, and environmental impact obligations.

Regulatory responses at international and national levels are analysed alongside policy initiatives adopted by industry stakeholders. The session considers the legal responsibilities of aviation entities in addressing environmental challenges while maintaining operational and commercial viability.

Aviation Leasing and Financing: Principles, Structures, and Practices

This session provides an overview of aircraft leasing and financing as essential components of aviation operations. It examines common leasing structures, financing arrangements, and contractual frameworks used in aircraft acquisition and fleet management.

The session addresses legal and commercial issues relating to asset ownership, risk allocation, security interests, and enforcement. Participants will gain an understanding of how leasing and financing decisions affect operational planning, financial exposure, and regulatory compliance.

On-Ground Programme Schedule

Third Batch

Toulouse, France 08th-11th June 2026

Expert-led sessions featuring senior professionals from **Airbus**, **Safran**, **ISAE-SUPAERO**, and other prominent aviation organisations in Europe.

Visit to the **Airbus Final Assembly Line**, offering direct exposure to aircraft manufacturing processes and large-scale aerospace operations

In-person academic and industry sessions conducted in Toulouse, the global hub for aviation and aerospace industry.

Integrated discussions combining case studies and role-play exercises.

Paris, France 12th June 2026

Networking evening at the iconic Aéro-Club de France with senior leaders from the French aviation and aerospace industry

Visits to a leading aviation-focused law firm in Paris, with direct interaction with senior team members

Programme Schedule

Third Batch

Date	Time	Topic
08.06.2026	09:00 AM- 01:00 PM	Global Legal Framework in Aviation An in-depth examination of international conventions, regulatory structures, and jurisdictional considerations that shape the governance of civil aviation worldwide.
	02:00 PM- 05:00 PM	
09.06.2026	09:00 AM- 01:00 PM	Business Aviation A focused study on regulatory requirements, operational frameworks, and commercial models governing non-scheduled operators and business aviation enterprises, opportunities and challenges.
	02:00 PM- 05:00 PM	Ethics, Compliance, and Governance in Aviation This session shall explore ethical standards, regulatory compliance, and organisational accountability in the aviation sector, highlighting their role in ensuring safety, integrity, and responsible decision-making across aviation operations.
10.06.2026	09:00 AM- 01:00 PM	Sustainability and Environmental Governance in Aviation: Strategic and Regulatory Perspectives This session provides a strategic overview of environmental sustainability in aviation, examining regulatory obligations, policy developments, and industry responses to environmental challenges.
	02:00 PM- 05:00 PM	Aviation Leasing and Financing: Principles, Structures, and Practices An analysis of global leasing markets, financing structures, contractual frameworks, and risk management practices central to aircraft acquisition and fleet planning.
	Exclusive Access to the Workshop on Trade Compliance followed by a networking session with senior professionals from the aerospace industry in Toulouse	
11.06.2026	09:00 AM- 01:00 PM	Onsite Visits: Participants will also experience an exclusive guided visit to the Airbus facility in Toulouse, providing a rare view of aircraft manufacturing and innovation. The program also includes a visit to Aeroscopia, where participants can explore aviation history and technological evolution through iconic aircraft such as Concord, Airbus 380 and curated exhibits.
12.06.2026	(Forenoon)	Visits to Law Firms in Paris: Meetings and Exchanges on Topics of Interest to Law Firms
	06:00 PM- 09:00 PM	Networking Evening

Faculty Profiles

Prof. (Dr.) Avinash Dadhich
Founding Director, Dhirubhai Ambani University- School of Law

Prof. (Dr.) Avinash is the founding director of the Dhirubhai Ambani University – School of Law (DAU-SoL), and also serves as a Global Advisory Board Member for AMS Ethical AI, where his expertise in AI ethics is vital in guiding responsible integration of artificial intelligence in talent acquisition. His mission at DAU-SoL is to cultivate a new era of legal education that intertwines with the evolving landscape of technology and law

Prof. (Dr.) Laurent Grosclaude
Head of LL.M. International Aviation Law at Université Toulouse 1 Capitole

Prof. (Dr.) Grosclaude is a professor of international aviation law at Université Toulouse 1 Capitole, France with 20 years of experience teaching company law, finance, and aviation law. He leads the International Aviation Law LLM and collaborates with Airbus, ATR, Thales, and Safran. His research covers export control, sanctions, aircraft leasing, and sustainability.

Prof. (Dr.) Grosclaude is a professor of international aviation law at Université Toulouse 1 Capitole, France with 20 years of experience teaching company law, finance, and aviation law. He leads the International Aviation Law LLM and collaborates with Airbus, ATR, Thales, and Safran. His research covers export control, sanctions, aircraft leasing, and sustainability.

Mr. Karl Hennesse
Senior Vice-President, Head of Litigation, Investigations & Regulatory Affairs – Airbus

Mr Hennessee, FRAeS, is SVP Litigation, Investigations & Regulatory Affairs at Airbus, where he leads the Group's global activities in these areas. Separately, he occasionally sits as arbitrator and serves on the board of directors of companies and nonprofits. Until July, 2019, he also served as Chairman of the Governing Body of the ICC Court of International Arbitration and is now a member of the HKIAC Council. Mr Hennessee has previously practiced law in Germany and in the United States on behalf of institutions including the German Government, companies, and private law firms. He lectures at Paris Assas, Sciences Po, Toulouse Capitole University, Versailles and Hong Kong University and has published over 100 articles on various legal subjects. He is a frequent speaker on law, technology, aviation, and public policy.

Mr. Thomas Boone
Partner at Odi-sé Avocats, Paris

Thomas is a partner of Odi-sé Avocats with a wealth of experience in structured finance, debt restructurings and work-outs, acquired in both top ranking international law firms and major financial institutions. This dual practice provides Thomas with a deep understanding of clients' needs and expectations in complex cross-border financing transactions.

Thomas advises the firm's international and domestic clients on all legal aspects of the purchase, disposal, leasing and financing of aircraft.

Having held expert and senior positions in the legal department of global banking institutions and in law firms, Thomas covers the full spectrum of legal issues surrounding the financing and leasing of large assets, from the structuring of transactions to work outs and default situations, including repossession and insolvency.

Faculty Profiles

Ms. Axelle Cartier, LL.M. (Adv.)
Aviation and Space Lawyer; ICAO-Qualified Instructor and Subject-Matter Expert in Air Law & Criminal Air Law

Ms. Axelle Cartier, LL.M. (Adv.) is a French lawyer specialising in international air and space law, with over 20 years of professional experience. She currently serves as the Co-Director of the LL.M. in International Aviation Law at Université Toulouse 1 Capitole, France.

She studied law at Paris I Panthéon-Sorbonne (Private Law, International and European Law), the McGill University Institute of Air and Space Law (Air and Space Law), Leiden University (Dutch Law and Public International Law), and the International Space University (Interdisciplinary Space Studies). She holds four Master's degrees in law, along with several professional certificates.

Ms. Cartier served as General Counsel of an aerospace company for 13 years. She began her career in international civil aviation safety at the Joint Aviation Authorities (JAA), the predecessor of the European Union Aviation Safety Agency (EASA). Over the years, she has worked extensively in international civil aviation safety and security, criminal air law, project management, business ethics, quality management, and compliance.

She has also practised as a lawyer in aircraft leasing and structured finance at a leading law firm in Amsterdam and was a member of the Space Economy Committee of the International Astronautical Federation (IAF).

Prof. Laurent Joly
Director, Institute for Sustainable Aviation

Prof. Laurent Joly holds a PhD in Fluid Mechanics and has been a Full Professor in Fluid Mechanics since 2002. His research focuses on turbulence and mixing, with important applications in wake vortices and computational fluid dynamics (CFD). His work has contributed significantly to advancing both fundamental understanding and applied solutions within aerospace engineering.

As Director of the Institute for Sustainable Aviation (ISA) in Toulouse, Prof. Joly is strongly committed to fostering interdisciplinarity. Over the years, he has expanded his own scientific horizon beyond fluid mechanics to embrace all major components of aerospace engineering, with particular emphasis on low-emission aircraft design and holistic systems design approaches aimed at sustainable aviation.

The Institute for Sustainable Aviation (ISA) is an interdisciplinary research institute located in Occitania, France, and is open to collaborative research actions both within the region and internationally. ISA operates under the governance of eight Toulouse-based institutions: ISAE-SUPAERO, Toulouse School of Economics, Université Toulouse 1 Capitole, ENAC, Toulouse Business School, Météo-France, Cerfacs, and Université Toulouse 2 Jean-Jaurès.

Together, under Prof. Joly's leadership, ISA serves as a unique platform integrating engineering, economics, climate science, and social sciences to address the complex sustainability challenges facing the future of aviation.

Faculty Profiles

Frederic Yon
Senior Legal Counsel, Airbus S.A.S

Frédéric Yon is a dual-qualified French avocat and Solicitor of England & Wales with over 20 years of experience in complex cross-border asset transactions. Currently serving as Senior Legal Counsel at Airbus S.A.S., he leads structural and contractual set-ups for corporate finance transactions. His extensive tenure at Airbus also includes years as Senior Legal Counsel for Commercial & Financing of aircraft sales, leasing, and support contracts.

Prior to his current role, Frédéric was a Director in a Swiss bank, managing ship finance matters. His private practice background includes senior roles at Stephenson Harwood LLP and White & Case LLP in Paris, specializing in aviation finance and aircraft leasing, acting for banks, lessors and operators.

Frédéric holds an LLM from the University of Melbourne and was named in the Who's Who of Aviation Lawyers, honored as a "Rising Star" by Air Finance Journal and "Associate to Watch" by Chambers Europe. He has been a guest speaker in Aviation Finance at ENAC and the University of Toulouse since 2019.

Ms. Rakhee Biswas
Co-Managing Partner at Spaviatech Law

Rakhee Biswas is an accomplished lawyer who heads the leading boutique Aerospace, Aviation and Technology law firm in India, Spaviatech Law. Ms Biswas brings nearly 27 years of experience in complex compliance matters, corporate investigations, technology and aerospace (commercial and defence) practice, heading global legal teams at HCL Technologies, Oracle, IBM, GE, Honeywell Technology Solutions and Mindtree. She is also a visiting faculty at Dhirubhai Ambani University - School of Law.

Sivadath Madhu Menon
Assistant Professor and Head of Aviation Law and Management Vertical

Professor and Head of Aviation Law and Management at Dhirubhai Ambani University – School of Law, Mr. Menon holds an LL.M. in International Aviation Law from Université Toulouse 1 Capitole. He has advised clients in airport acquisitions, operations, and regulatory compliance across the EU, and has served as Editor of the *Indian Journal of Air and Space Law and jury member* for the Dr. A. P. J. Abdul Kalam Air and Space Law Essay Competition.

Highlights from our Previous Batches Held Onsite in **Toulouse & New Delhi (2025)**

Toulouse (June 2025)

The first batch of the Executive Development Program in International Aviation Law and Management was successfully conducted on-site in Toulouse, France, in partnership with Université Toulouse 1 Capitole. The programme featured sessions led by senior industry professionals and distinguished academicians from leading global aviation institutions. Speakers included Karl Hennessee, Senior Vice President and Head of Litigation and Investigations at Airbus; Mélanie Etienne, Head of Investigations and Product Integrity Legal at Airbus; and Alexandre Faÿsse, General Counsel at Safran, along with experts from ISAE-SUPAERO and other prominent organisations.

The batch brought together senior leaders from flydubai, CAE, Reliance Group, K. Singhania & Co., and other key industry players. Participants gained valuable exposure to global aviation practices, contemporary challenges, and industry developments, while also building strong professional networks with international experts.

Senior Executive Development Programme in International Aviation Law and Management – Toulouse Cohort (June 2025), Batch 1

Highlights from our Previous Batches Held Onsite in **Toulouse & New Delhi (2025)**

New Delhi (November 2025)

The second batch of the Senior Executive Development Programme in International Aviation Law & Management organised by Dhirubhai Ambani University- School of Law in partnership with Université Toulouse 1 Capitole, France and Spaviatech law was hosted in New Delhi in November 2025. The programme witnessed active participation from senior leaders representing major aviation organisations, including AirAsia, Air India, Akasa Air, and CAE. It also included the training of nine senior officers from the Directorate General of Civil Aviation (DGCA), Government of India.

The sessions were guided by experts from McKinsey & Company, Collins Aerospace, GE Aerospace, and former senior officials from the DGCA and the Ministry of Civil Aviation. The programme concluded with a valedictory address by Mr. Faiz Ahmed Kidwai, IAS, Director General of the Directorate General of Civil Aviation, Government of India.

A key highlight of the New Delhi edition was the signing of a Memorandum of Understanding between Dhirubhai Ambani University – School of Law and Université Toulouse 1 Capitole, France, in the presence of Mr. Faiz Ahmed Kidwai, IAS, and Mr. Thibaut Spor, Counsellor for Aeronautics and Civil Aviation at the Embassy of France in India. This milestone marked an important step towards strengthening academic and industry collaboration in aviation between India and France.

Participants of the Senior Executive Development Programme in International Aviation Law and Management (Batch 2), New Delhi, with Mr. Faiz Ahmed Kidwai, IAS, Director General, Directorate General of Civil Aviation, Government of India.
